

# If ONE DOT Were to Represent Approximately 3000 PEOPLE...

This *one* dot would represent the number of innocent victims murdered by terrorists on 9/11/01:

(Can you see it?) 

This would represent the number of innocent victims murdered by American citizens, in abortion clinics:

The actual number of dots would be greater than this... and it increases at the rate of approximately 10 dots per week.

*The terrorists would have to blow up nearly 20 World Trade Centers EACH WEEK,  
just to keep up with the abortion carnage.*

## The Difference?

### UPDATE 2005:

We would have to add approximately  
1500 more dots to the second list.

**And the number keeps growing.**

### *For the one...*

We call it a "**national tragedy**." We describe the terrorists as "**an enemy who preys on innocent and unsuspecting people, then runs for cover**," and as "**people who ... have no regard whatever for the sanctity or value of human life**." We claim that we "**will hunt down and punish those responsible for these cowardly acts**."

And so, we have now entered "**the war against terrorism**." We claim that we will uproot terrorism, no matter where it may exist on the globe. We are told that this war will be "**a monumental struggle between good and evil**," that God is on our side, and that "**good will prevail**."

- [Quotes from President Bush and Tony Blair, UK Prime Minister.]

### *For the other...*

We call it "**freedom of choice**," *even though the innocent victims were never given the opportunity to choose.*
